

# Workforce Solutions for North Central Pennsylvania 2011-2016

North Central Workforce Development Board

## Appalachian Pennsylvania

  
Counties served

Workforce Solutions for North Central Pennsylvania facilitates an innovative workforce development system that meets the changing human capital needs of employers and provides resources to job seekers. Working collaboratively with a range of intermediary partners, Workforce Solutions knows the needs and resources in their area. They also serve 26 high schools in the six-county area through Career Counselors in the schools and/or through partnerships. They provide students with local labor market information such as high-priority occupations and encourage them to make educated career choices.
